

## Sign Information Required For All Signs

If a sign or signs are proposed for a use requiring site plan approval, the following detailed information shall be provided for each sign and submitted with the site plan:

- Proposed location of all signs on the site and/or building, including setback from all property lines.
- Distance to any adjoining residential zoning district.
- Proposed height of the sign above the ground.
- Dimensions of the sign(s) and calculation of total surface area.
- Proposed message as it will appear on the sign.
- Method of illumination, if any.
- Complete description/drawings of the structural supports for the proposed sign(s).
